

NEW COURSE

SHARE PROGRAMME

Share uses a practical, 'hands-on' approach involving parents in their children's learning.

This course is about making resources that can be used with children at home along with an understanding of why such activities are important.

The course is designed to engage parents in what their children are learning at the Academy by using relevant activities that are fun and develop communication, literacy and numeracy skills.

This is a 6 week (1 day a week) creative course the first week we will discuss why play is important, the benefits of play and what you can be doing at home to support your child's learning through play.

There will also be a chance to discuss communication and how to improve your child's listening skills throughout the course.

Come and join us

Starting on Tuesday 24th January 2012 (for 6 weeks)

9.15am - 11.15am

In the Youth Centre
