

6th June 2011

Dear Parent/Carer

As the weather is getting warmer it is important that your child is dressed appropriately for the Academy day. In warm weather please apply sun block to your child before they come to the Academy. You can purchase 24 hour sun block from supermarkets at a very reasonable price.

Your child will also need an Academy sun hat. These can be purchased from Lyon's uniform shop 242, Hertford Road, Enfield, EN3 5BL.

During the summer months your child will still be involved in active learning opportunities outside. Activities will be set up in the shade and there will always be water available for the children to drink in their classrooms.

Yours Sincerely

Sian McDermott
Learning Director for Phase One.
