Curriculum Intent Statement	
<p>Our curriculum is designed to ensure History sparks student's imagination about the past. Inspiring them to be curious about the events, beliefs and individuals that have shaped our present and future. Our intent is that pupils will be encouraged to explore a knowledge rich curriculum embedded with sources and interpretations. This will help them become analytical thinkers who have the confidence to question the world around them. Where possible, local History will help them understand their local community. Their History vocabulary will be rich, allowing them to make sense of what they hear, read and encounter in the world. As a result they can stand in any circle or career with confidence.</p>
