

<b>Subject Name:</b>	<b>Drama</b>
<b>Curriculum Intent Statement</b>	
<p>At Oasis Academy Enfield and Hadley the Drama curriculum is designed to allow students to gain a detailed knowledge of Drama and Theatre. We believe that students deserve a broad and ambitious Drama curriculum, rich in skills and knowledge, as well as developing links between Drama and other subjects, including English, Citizenship and History. They will also learn about different aspects of Drama and Theatre with units based around plays, current affair, and theatrical techniques. The curriculum will encourage students to become creative, imaginative, confident and independent thinkers, who will be able to create original work as well as critically analysing professional and non-professional plays and performances. Students will have an appreciation of their own work and that of others, always demonstrating respect and empathy. It also aims to foster a love of Performing Arts as a whole, whilst also using Drama as a tool to enable students to develop key skills that will prepare them for their future.</p>
