

Oasis Academy Hadley
Special Education Needs and Disabilities
Information Report

As an Academy we:

- Identify children with SEND (Special Educational Needs and Disabilities) and ensure provision is made in accordance with the SEND Code of Practice.
- Have an appointed SENCO (Special Educational Needs Coordinator).
- Invest in whole Academy and targeted training for staff.
- Ensure that teaching is inclusive and support practices are embedded throughout the Academy.
- Ensure that all teachers understand that they are teachers of SEND.
- Ensure that teachers are kept informed of students with Special Educational Needs.
- Provide information on Academy arrangements for SEND to parents and the Academy Council.
- Plan for transitions from 1-19 years across all Key Stages.
- Publish on the Academy website the Academy SEND policy and a description of the arrangements and specialist provisions made for children with SEND - including the accessibility plan.

Our commitment and vision

The vision of Oasis Academies is to create both outstanding schools and community hubs. As well as delivering first-class and innovative education, Oasis builds 'Hubs' in the area it works in; creating safe and inspiring local neighbourhoods that provide integrated and diverse services to benefit the whole person and the whole community.

Oasis Community Learning seeks to create and sustain networks of excellent learning communities working in the context of the Oasis Ethos where every student can reach their full potential. Oasis believes this can be achieved through clear leadership, outstanding staff, a positive and affirming environment, strong partnership between students, parents/carers and the local community, along with the wider national and international opportunities the Oasis' global operations create.

Our ethos is an expression of our character- it is a statement of who we are and therefore a lens through which we assess all we do. The work of Oasis Community Learning is motivated and inspired by the life, message and example of Christ. This is encapsulated by the following five statements:

- a passion to include everyone
- a desire to treat everyone equally, respecting differences
- a commitment to healthy and open relationships
- a deep sense of hope that things can change and be transformed
- a sense of perseverance to keep going for the long haul

At Oasis Academy Hadley we interpret the Oasis Ethos through the Hadley Way. The

Hadley Way

- **Aspire**
We will have the highest expectations of ourselves and others for both learning and behaviour
- **Achieve**
We will be the best we can
- **Care**
We will consider others and make positive contributions to the Academy, local and global communities in which we live
- **Endeavour**
We will be resilient, enjoy a challenge and not give up easily

Learning and Living in Harmony

Our Commitment to Equality

Equality and inclusion are at the heart of Oasis. We have a passion to include everyone and a deep desire to treat everyone equally. We accept others for who they are and respect differences.

Our aim is to provide an excellent education for all our students. Our way of doing this is to work hard to ensure that all students make good progress. We also aim to meet the needs of the whole person and the whole community because we value the importance of family and community and the part it plays in education. In this sense, every person matters.

Oasis Academy Hadley is an all-through non-selective Academy open to students of all religious faiths and those of no faith. All places at the Academy are free and available to the local community within an admissions policy that mirrors the admissions arrangements for the London Borough of Enfield's schools.

The Academy is a very inclusive environment and individual students receive high quality help and support when needed. This support is evaluated carefully to ensure that it is having a positive impact. As a result, achievement has risen significantly. Students, including those who have special educational needs or disabilities, make good progress. Students who speak English as an additional language and those known to be eligible for free school meals make outstanding progress.

Who are the best people at the Academy to talk to about my child's Special Educational Need?

	Nursery to Year 6	Years 7 to 13
If you are concerned about your child's overall progress	Class Teacher	Learning Guide
If you think your child may have a Special Educational Need and would like to discuss this	Assistant SENCO Phase 1 – (Paul Ching) Assistant SENCO Phase 2 – (Caroline Heath)	
If you feel that your child's needs are not being met by any of the above	Executive Assistant Principal Inclusion (Ms Tobun)	
If you still feel that your child's needs are not being met	Principal (Zoë Thompson)	
If you have a complaint about the SEND support for your child	Principal (Zoë Thompson) email: info@oasishadley.org	

The class teacher or learning guide is your first point of contact for parents and carers.

The Special Educational Needs Coordinator (SENCO), along with the Assistant Special Educational Needs Coordinators are responsible for coordinating all the support and intervention for children across all Phases

The Special Educational Needs Coordinator is responsible for ensuring that parents and carers are kept informed, that SEN reviews are held overseeing the support and interventions for children with SEND and liaising with all agencies involved with your child and ensure that provision is made in accordance with the SEND Code of Practice.

The Code sets out the following expectations:

- High quality teaching, differentiated for individual children, should be available to the whole class.
- Class and subject teachers being responsible for planning the curriculum and assessing your child's progress, even if they have additional needs.
- High quality teaching, which includes effective assessment and target setting, and will identify children making less than expected progress.
- Where progress continues to be less than expected the class or subject teacher, working with the SENCO, will assess whether the child has a special educational need (SEN).
- Where a Special Educational Need is established, the Academy, in partnership with parents/carers and the child, will work through a four step graduated response: assess, plan, do and review which is an on-going cycle of termly reviews leading to revisions in plans and interventions.
- Where a child with SEN is reaching a point of transition (from Nursery to Reception, Year 6 to Year 7 and year 11 to Sixth Form or other Further Education provision) the Academy will work with the parents and pupil to ensure a smooth and successful transition.
- Where there is sufficient evidence that a child's needs are still not being met through the graduated response and Academy's own resources a decision may be reached to request a Local Authority assessment for an Education and Health Care Plan (EHCP).

- Education and Health Care Plans (EHCP) are integrated support plans for children and young people with Special Educational Needs and Disability (SEND), from 0 – 25. An EHCP will specify and coordinate additional funding and provision. The plan is focused on achieving outcomes and helping children make a positive transition to adulthood, including paid employment and independent living
- The Academy will annually monitor and evaluate the effectiveness of its provision for children with SEN.

How will I know how well my child is doing at the Academy?

We:

- Welcome parents and carers and meet with them at least once a term to discuss their child's progress as part of the Academy Review Process;
- Communicate regularly with parents and carers so we can work in partnership;
- Hold termly Academic Review Meetings;
- Hold a formal Annual Review Meeting if your child has an EHCP where we will report on their progress and provide a written report. If there is a need we will hold more Review Meetings.

What are the different types of support that may be available for children at the Academy?

Phase 1 (Nursery to Year 5)				
Support for all children across Phase 1	<ul style="list-style-type: none"> • Academy Family Support • Differentiated curriculum planning, activities, delivery and outcomes • Differentiated resources to support individual needs • Use of visual timetables, visual signs and symbols • High Level of training and support provided by Special Educational Needs Coordinator and Academy Leadership Team • High Quality Teaching by Class Teacher and Early Years Teaching Assistants • ICT provision • In class interventions allocated by Class Teacher led by Teaching Assistant • Regular assessments and review of data to track progress • Student progress meetings • Student profiles with strategies available as advice for staff

What happens if my child with SEND makes very little progress at the Academy?

- Parents and carers are asked to make an appointment with the class teacher or learning guide if they have concerns about attainment, achievement, progress or happiness in the Academy.
- If your child continues to make little progress despite the extra support provided by the Academy we will look to provide external support and advice. If there is evidence that your child has severe and complex needs that cannot be met by the resources available to the Academy, we will ask the Local Authority to undertake a statutory assessment of SEN either as set out in the SEN Code of Practice or through a request for an Education Health and Care Plan.
- We have a designated SEN Academy Councillor who is responsible for making sure the necessary support is available for every child who attends the Academy.

If you need to complain

Parents and carers have the following rights of redress, should the Academy or Oasis Community Learning fail in its duty to provide, or if the parent disagrees with a decision or feels that there is discriminatory practice:

- The Academy complaints procedure
- An appeal to The SEN and Disability Tribunal
- A claim against the responsible body (Oasis Community Learning) for disability
- To the SEN and Disability Tribunal for discrimination
- A complaint to the Academies Ombudsman
