

27th March 2024

Dear Hadley Year 9 Parents

Key Stage 4 Curriculum 2024 – 2026 – Options Process

We are delighted to launch the 2024-2026 Options Process. The next two years will be important in shaping the academic direction of your child's life. At Oasis Hadley, we look forward to working in partnership with you, and your child, to ensure that they make the right choices to enable them to fulfil their potential.

We hope that the options booklet, and discussions with teachers will help you make informed choices for the next stage in your child's learning and highlight the impact of their choices. Please do take the time to go through, and discuss, this information with your child. We are confident that the information you receive will help support you through the process of choosing appropriate subjects for study over the next two years.

Over the coming weeks, students will be offered the opportunity to discuss the options process with subject leaders and members of the leadership team to help support them with their decision-making.

We would ask that you take time over the next month to consider the courses most suited to their skills and abilities as well as the feedback given by teachers during Parent Meeting Day. It is important that students choose options that challenge and interest them.

As an Academy, we recommend that all students pursue the English Baccalaureate (Ebacc). This is a strong, rounded, academic pathway, which we believe will help students to attain their goals.

We understand that there may be requests to change subjects as the reality of Year 10 unfolds, and where possible we will endeavour to support this, however, please note that we cannot guarantee that these changes will be possible.

Thank you for taking the time to discuss the options process this evening; we value your support and strongly believe that by working together we will enable your child to reach their full potential.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Icaro Reis".
