Here are some ways that you can help your child at home:

- Check the Independent Learning Folder on the iPad MSTeams for useful activities that your child can do independently. This will really support learning and help them to make great progress.
- It is very important that you read with your child every night - please remember to do so, just 10 minutes will help and don't forget to sign your child's reading record!
- Help your children with practising their conversions of metric units and with telling the time on both digital and analogue clocks by testing them frequently throughout the day.
- Practise your child's spelling to prepare them for their tests, remembering their handwriting joins.
- Encourage your child to check their spellings in their writing – every bit helps!
- Encourage use of Spelling Shed, Maths Shed, Pixl Times tables and TimesTables Rockstars– free online education games daily.
- Check that your child is accessing Microsoft Teams regularly for home learning tasks and messages from teachers
- Promote independence by encouraging your child to be active learners, remembering to bring in their PE kits every **Wednesday** and ensuring that their homework is completed every week by Tuesday.
- Ensure your child is punctual and is in every day.

Thank you for your ongoing support.

The Year 3 Team
